Policy - Jeremy shared sub-committee recommendations to modify COVID policies.

Budget – Tuition changes determined and approved.

Principal Report

- Catholic Schools Week went really well. We kicked it off with Mass, Open House and Forensics on Sunday.
- We had 5 five families with children in K3, K4 and K5 tour the school. They were very interested and three families told me they plan to register.
- The week was filled with a variety of dress up days and activities. The participation was amazing. I had a very tired faculty leaving school on Friday.
- The seventh and eighth graders had a retreat day on Thursday. A parishioner who has children that attended St. Joseph donated \$800 to pay for the cost of the retreat. The seventh and eighth graders wrote thankyou notes and those were mailed to her.
- All of our children made Valentine cards for St. Anne residents. Diane Haase picked those up and delivered them for us.
- I have given a few tours for interested families in K3.
- Our registration process is going well. I sent home a registration reminder to every family that has not turned in their registration form today. Registration forms are due on February 14th.
- I am in the process of approving applications for the Choice program. I have also sent reminders to our Milwaukee Choice families to register and turn in documentation ASAP.

- Ash Wednesday is March 2nd. The Lent Committee of teachers will be meeting to plan the prayer services, Stations and service project.
- Students in grades 3, 5, and 7 will be taking the Iowa tests beginning the week of March 7th.
- The faculty did receive the notes from the Policy Committee and a few school families?? We met together and went through the complete document and made some changes. Father Adam and I and the entire faculty update a policy for Home setting contacts. All families receive notice of this and a link was in the newsletter that sent you directly to the safety plan.
- Report cards for the second trimester will be going out on March 10th. Conferences are schedule for March 17th this date might be moved to March 16th I will be discussing this at my faculty meeting on Tuesday.
- I put an update in the newsletter regarding Mrs. Bezak. I will know about how we are going to move forward after her next evaluation.
- The Middle School play is going extremely well. JJ, Mrs. Ammerman and Mrs. Polivka have stepped up to help with this production.
- Technology – We are in the process of looking at inventory and surveying teachers for technology updates. We will be ordering interactive Clevertouch boards for all the classroom. The teachers also wanted a Clevertouch board that could be mounted on a cart the classroom boards would be mounted on the wall.
- I also had the teachers come up with a list of things that needed to be updates for the request from Parish council.
- Here are the items:
 1. New all School Lockers
 2. Remove the Blass block Windows in the Courtyard
 3. New Ceiling Tiles for the whole School.
 4. Screens for windows some screens are missing.
 5. Internet bandwidth upgrade to handle extra traffic (especially with upgraded smartboards)
 6. Working window blinds
 7. Blinds for the skylights that can open and close.
 8. Window or skylight in the 8th grade classroom
 9. Library furniture needs replacing
 10. The intercom system

Teacher Report – No Update

Home and School Report - Mother-Son Bowling coming up

Pastoral Council: ‘Love One Another’ Campaign to kick off. Joe requested a list of items to be included in the campaign. Linda provided a list of the teacher's ideas.

New Business – No new business to report.

Next Meeting: March 10th, 2022
